**Level 1—Basic Enzyme Therapy - 75 mins**

The enzyme masques contain a blend of transfer messenger enzymes, specialised ingredients that help increase circulation, lymphatic drainage, increase free water levels in the skin and enhance collagen production and improve skin functioning.

**\$175****Level 2—Exfoliation + Enzyme Therapy - 90 mins**

The signature DMK treatment includes Pre Exfoliation, Enzyme Therapy & Transdermal Infusion.

**\$195****Level 3—Double Exfoliation + Enzyme Therapy - 90 mins**

The signature DMK treatment includes Double Exfoliations, Enzyme Therapy & Transdermal Infusion.

**\$230****Level 4—Enzyme #1 Full face #2 and #3 Muscle banding (Instant Lift) - 90 mins**

For the DMK users who have a special occasion, it instantly gives you a lift, tighten and brighter skin. Customised exfoliation, enzyme and muscle banding in one session!

**\$320****Muscle Banding - 90 mins**

Muscle Banding is a preventative treatment that addresses symptoms of ageing. The DMK Muscle Banding Program works to lift and tighten the skin to restore optimal skin function, which is the key to firm, healthy skin.

**\$220****Lunch Time Peel - 30 min**

The Lunchtime Peel performs a controlled micro-removal of the epidermis, leaving the skin looking instantly radiant and luminous. It is also a great option to minimise fine-lines and wrinkles, minimise open pores and brighten skin.

**\$160****Pro Alpha 6 layer Peel / RP**

The treatment is an effective resurfacing/ remodelling procedure for those wanting dramatic results. This program is inclusive of two Enzyme Therapy to prep skin, two Pro Alpha/ RP applications and 2 lift off treatments over 10 days.

**Price on  
consultation****Alkaline Skin Revision + Enzyme Therapy (Half Face) - 90 mins****\$220****Alkaline Skin Revision + Enzyme Therapy (Full Face) - 90 mins****\$250****Alkaline Hair Wash Removal**

The Alkaline Wash System is a remarkable treatment designed to reduce fine, downy hair. This type of hair is very difficult to remove as the hair growth is usually dense and would be difficult to treat with Electrolysis Laser. After the first treatment, the hair growth will grow back at it's normal rate, but as treatments progress the hair growth rate will become slower, usually resulting in a permanent loss over a period of time.

**Half Face (Cheeks, lip & chin or cheeks, chin & jawline)****\$80****Full Face (Forehead, cheeks, lip & chin or Cheeks, lip, chin & neck)****\$120****\*additional Patches****\$20****DMK MediPedi**

MediPedi removes and revises callouses, corns, cracked heels and rough dry skin that standard pedicures cannot fix. No need for razors that cause further thickening of heels.

**\$55 add on
